Q23 - We welcome your written comments below. What is something/are some things that the instructor does well, e.g., something you hope that the instructor will continue to do in the class in the future?

Response Rate:	75.00% (6 of 8)

1	Uses group activities to promote understanding of course materials.
2	Mr. Stratton is amazing. He brings a lot of extra material to class, which was helpful to explain topics such as grammar.
3	James Stratton was an excellent instructor. I felt that I could ask questions at any time without disrupting the flow of the class. I also felt that all of the activities that we participated in throughout the class directly helped me with homework, quizzes, and exams. I very much enjoyed being able to walk in and have a new lesson and new activities every day.
4	I love his enthusiasm for the material, and his knowledge on how certain aspects of the language are used or not used in common speech.
5	I appreciate that he aims for more group work and working alongside others, as it has helped me understand the material on the page better. I don't believe another German class has had so much so clearly explained to me, and I think that the success of this course is partially due to the encouragement to not only ask for help through the instructor but also the other students taking this course. I also like when he goes above and beyond, making games and activities that connect to what we've been learning in that lesson. That extra effort keeps the class fun and allows us to be entertained while learning the material. His extra effort means a lot; it shows that he cares about this course and that we actually learn something. Thinking back on the class now, there was never a day where I didn't want to go to German class, and I think that says a lot about Mr. Stratton and the care he put into the course.
6	Always keeps the class engaged and has different ways to help us learn the material.

Q24 - Make a suggestion(s) for improving the course (a criticism alone is not helpful; tell your instructor how you would fix any problem).	
Faculty:	James Stratton
Response Rate:	62.50% (5 of 8)

1	Stop using online HW
2	One thing I would focus on improving in the course is the amount of speaking activities we do in the course. I understand they're harder to grade because they aren't on paper, but they're a majority of the students' main reason for taking a second-language course. My suggestion would be to add more speaking assignments, whether that be another speaking project earlier on in the semester to show our progress later on, pushing for us to only speak in German during class, etc.
3	It would be helpful to go over practice materials more as a class. Sometimes I am unsure of how to answer the practice questions and end up waiting for us to review.
4	I would suggest having the students give feedback on activities, because some of the review activities we did, I thought were very helpful and reinforced the material, while others did not.
5	I would also appreciate more schedule updates for when items are due on blackboard. However overall these things were already fairly consistent.
